RELEVANT WORK EXPERIENCE

Web Developer Intern | MakersPlace Ghana | Accra, Ghana

Jan 2024 – Present

As a web development intern at MakersPlace Ghana, I am immersed in a dynamic learning environment where I collaborate with seasoned professionals to gain hands-on experience in web development. My role involves assisting in various web development projects, participating in team discussions, and honing my skills in both front-end and back-end technologies.

Key Responsibilities:

- Engaged in web development tasks and projects under the guidance of experienced professionals.
- Actively participated in team meetings, brainstorming sessions, and code reviews to enhance technical skills and collaborative abilities.
- Assisted in various stages of web development lifecycle, including design, front-end development, and back-end integration.

Learning Experience:

- Gained practical knowledge in frontend and backend and other essential web technologies.
- Facilitated web development workshops for students, fostering interest and enthusiasm for coding among young learners.
- Explored emerging technologies such as Raspberry Pi and Arduino, expanding knowledge and skill set in diverse areas of technology.
- Collaborated with peers and mentors to troubleshoot issues, debug code, and implement best practices in web development.

EDUCATION

Diploma in Software Development

March 2023 – March 2024

OpenLabs Ghana

Business

November 2019 – October 2021

Presbyterian Boys Secondary School, Legon
